Everyone knows that "word of mouth" is the most powerful method of marketing. That's why, instead of spending millions of dollars on radio and television ads to create retail sales, Xenesta rewards customers who spread the good news about MemoryWorks (*and exciting future products*). Of course, a person may simply buy and enjoy the product. However, the business structure enables those who would like to have their product **paid for by others** do so. All it takes is helping just *three* friends become interested enough to use the product regularly. There are no sign up fees, expensive kits to buy or massive purchase requirements—even for those who plan to make this into a home-based business.

Click the "Product" link at xenesta.com/healthy to see the Supplement Facts Panel and read about many of the exciting ingredients. To buy, click the button that says "Join". *Don't worry*—you can still exit after viewing your choices. To simply purchase MemoryWorks, select the "Preferred Customer" button. *However...* if you think at some point you might want to begin earning from the purchases that friends make, select "Distributor" instead. An order of one auto-ship box per month is enough to qualify you to receive compensation on orders that you have generated (and even those sold by the friends that you sponsored). To Check-out, place at least one item for shipment "now" in your cart along with what you elect for auto-ship next month. (The "now" and "later" orders can be different and you can cancel auto-ship at any time.)
